Second Language Option for Class IX – Telugu and Kannada

Dear Parents,

Few students and their parents have come forward with the request to start Telugu and Kannada as second languages in class IX. If there are sufficient number of students available as per CBSE norms, school will consider commencing both the above languages in class IX along with the options given earlier.

As per CBSE rule once the students have opted for a particular second language in class IX has to continue with the same language in Class X also. No change will be permitted in class X.

Yours sincerely

Dr. E K MOHAMMED SHAFFE
Principal & HOI

Dammam**

I would like my son / daughter _____ in class VIII _____ to opt for the following as second language. I understand that this will be considered provided there is a minimum number of 25 students in class IX who would like to opt for this language.

Telugu	Kannada
