

INTERNATIONAL INDIAN SCHOOL – DAMMAM

REF: IIS: PRINC: CIR: 1019:18

11 March, 2018

Circular

Dear Parents & Students,

“Greetings from IIS Dammam”.

This is to bring to your kind information that we are receiving regular complaints from the residents near the school area and the public park that after school hours our students are going to the residence area and causing disturbance. There are also complaints about the careless crossing of roads, reckless running, fighting, throwing bottles etc. Complaints are sent not only to school but to the local authorities, police department and other higher officials. Instructions are received in the school in order to stop the children from spreading outside the school campus and cause disturbance to the public and to prevent any type of accident and untoward incidents. Hence, it is very strictly instructed that after the classes the children should remain in the school campus itself and parents/ drivers of the private commuters should come to the stipulated school gate and collect the children. No students will be allowed to go out and to wait for the transport in the streets or roads. Parents and drivers are advised to follow these guidelines strictly from today.

With regards

Dr. E K MOHAMMED SHAFFE
Principal & HOI
