

INTERNATIONAL INDIAN SCHOOL – DAMMAM

REF: IIS: PRINC: CIR: 1040:19

12 June, 2019

Circular

Dear Parents,

“Greetings from IIS Dammam”.

This note is forwarded to clarify reports on the functioning of A/Cs in the School.

As a protocol, before the opening of the school, all A/Cs were checked and found to be in order. Due to heat wave conditions prevalent across the Kingdom, on the first day, four ACs on the school Premises malfunctioned.

Under the supervision of the school management, HVAC technicians were summoned to resolve these issues, who immediately started work which finished late in the night. All A/Cs are currently working with a maintenance team on standby checking each and every unit to ensure right cooling across the school. The problem was brief and was resolved.

Students' welfare is our TOP PRIORITY and we expect your support and cooperation as equal stakeholders. It is advised not to get swayed by false propaganda. It is our assurance that the School Management and Managing Committee is dedicated to providing a good learning environment for all children.

Best regards

ZUBAIR AHMED KHAN
Principal & HOI
