

INTERNATIONAL INDIAN SCHOOL – DAMMAM

REF: IIS: PRINC: CIR: 1064:18

8<sup>th</sup> October, 2018

**CIRCULAR**

**Dear Parents/ Students**

It has been brought to the notice of the school officials that some youngsters of different nationalities including Indians are roaming around the school with the intention of misguiding and misappropriating the young children of the school. It is said that sometimes they are offering money, sweets, objectionable materials, mobiles, camera and other electronic gadgets etc., to the students in order to attract them and to bring them into their gang. This is very dangerous and against the rules and regulations of the land. This is to intimate strictly to all concerned that students should not go and make friendship with such people and become easy prey to them. If you find any unfamiliar people or outsider offering you something or inviting you, please keep away from them and inform the matter without any delay to the school officials and to your parents.

Parents are advised to take care and follow up their children in order to ensure that they are not indulging in any undesirable and unlawful activities and not making friendship with unfamiliar and unwanted people. This is for the safety and security of our children and we have to honour and respect the rules and laws of this land. Parents are also requested to bring to the notice of the school if they find their wards having unwanted friendship and undesirable behaviour among them. Seeking your support and cooperation.

**Dr E K MOHAMMED SHAFFE**  
Principal & HOI
