

**Circular**  
**Admission to Class XI (2017 – 18)**

Dear Parents

On the basis of the examination policy introduced by CBSE the academic performance of the students in Class X is steadily improving and many students are scoring good grades. It is observed that there is a steep jump in the depth and intensity of the curriculum in Class XI from Class X. Many of the students are finding it very difficult to cope up with their subjects in Class XI. As a good number of students are scoring grades above

B1 it is difficult for the school to accommodate all the students in different streams according to their desire. The school officials have considered all these facts and decided to restrict the admission to Class XI from next academic year onwards as per the criteria given below:

- a) For admission in Science stream the student should score minimum B2 grade (61% and above) each in Science and Mathematics.
- b) In order to get admission in Commerce stream with Mathematics a student should score minimum B2 grade (61% and above) in Mathematics.
- c) In order to get admission in Commerce stream with Informatics Practice marketing a student should score minimum C2 grade (41% and above) in Mathematics.
- d) Students scoring D grade (below 40%) or E1 grade (21% to 32%) in not more than two subjects will be considered for admission to the Humanities stream.
- e) Students who score E1 grade in three or more subjects E2 grade in any of the subject will not be eligible for admission to class XI.

For granting provisional admission to class XI weigh age will be calculated as follows:

40% for the four FAs (10% for each of the Formative assessment)

30% for the SA-1 & 30% for the prelim exam

The subject combinations available for various streams in class XI for the academic year 2017-2018 are as follows:

**SCIENCE GROUP**

- Physics, Chemistry, Mathematics, Computer Science / Biology.
- Physics, Chemistry, Biology, Mathematics, / Physical Education (boys only)
