

INTERNATIONAL INDIAN SCHOOL - DAMMAM

REF:IIS: PRINC: CIR:1047:15

07 December 2015

Dear Parents

This is to bring to your notice that construction works have already been started by the Municipality in the road in front of the Boys school. Because of this the space available is very less. Parents and drivers of the private vehicles are requested to take maximum caution while driving in this area and to keep the minimum speed limit. Those who are coming through the road in front of the school from the electrical transformer side should not make any u-turn until the end of the school building. After gate no. 2 (KG gate) they are permitted to make left or right turn. It is requested to use the back side roads and Gate No. 4, 5, 7 & 8 till the route works in front of the school is completed.

Your maximum cooperation is expected.

With regards

Dr E K MOHAMMED SHAFFE
Principal & H.O.I.
