Dear Parents

Road construction work is starting in front of the Girls Section from today. The road just in front of the Girls Section will be closed and the one way road available will be divided into two parts in order to allow to and fro traffic. Gate No. 5 will be closed till the road works are over. School buses will be parked behind the school and inside the school ground near the junior section. The bus entry will be through gate no. 1 only. All private commuters are advised to use the gates in the back side of the school till the road works are completed. Parents and private drivers are requested to take maximum caution and to keep minimum speed limit in the school area in order to avoid accidents.

Your maximum cooperation is expected.
