

CIRCULAR

Dear Parents,

‘Greetings’

School has received intimation from the general authority of Zakat and Taxes that VAT is compulsory for the school and the returns are to be submitted. We have received the circular to file the returns for the month of June. Accordingly, the MC has discussed this issue and decided to intimate the parents that VAT will be collected from the parents on all fees including the transport fee. For the time being it will be collected from June, 2018 onwards and for the previous months it will be intimated after vacation. Those who have paid the fee in advance also have to pay the VAT from the month of effective implementation.

The integration of the software system for accommodating VAT is in process. It may take few days time. Once it is completed you may be intimated through another circular.

We request the cooperation and support of the parents in order to implement this local rule.

Regards

Dr E K Mohammed Shaffe
Principal & HOI
