Dear Parents

It has come to the notice of the School Management and administration that, many of the private vehicles are transporting Boys & Girls mixed together in their vehicles. As per the rules of the land it is not permitted. There should be separate vehicles for the transportation of Boys and Girls. We wish to bring this information to the parents notice and also we advise the parents to take maximum care to ensure that their children are not travelling in mixed groups. If the vehicles are stopped and checked by the authorities, the parents will only be responsible for the consequences & inconvenience caused. You are kindly advised to follow the rules and guidelines of the host country where we are living.

Private transport operators are also instructed to follow the rules of the land lest they have to face the consequences and the School will not be responsible for this on any account.
