

**CIRCULAR**

(Boys Section)

**Dear Parents, Students and Transport Operators,**

It has come to the notice of the school officials and the local government authorities that there is so much indiscipline and traffic congestion created near and around the boys school area. The Ministry of Education and local traffic department have instructed the school to take immediate necessary steps in order to avoid difficulties and inconvenience for the school and for all concerned. In this regard we are making the following arrangements for the easy and smooth flow of traffic near the school area. It is very important that all vehicle users have to follow the instructions very strictly without fail.

- 1) **No buses and vans are allowed to pass through the street in front of the main gate (No. 1 after 7.00 a.m.).**
- 2) **No right turn allowed towards gate no. 8 and 7 (only one way traffic is permitted).**
- 3) **No left turn near gate no. 2.**
- 4) **Gate No. 3 will be operational from tomorrow.**

Traffic guidelines given in the diagram overleaf this circular is to be followed strictly. Students are to be picked and dropped at the gates stipulated for them. No parking is allowed near the walls around the school before 7.30 a.m. Dropping and picking up the children will be streamlined as follows:

- a) **Gt No. 6 – School Buses**
- b) **Gt No. 2 / 3 / 4 / 5 –Private commuters of KG and Class 3 to 5.**
- c) **Gt No. 7 & 8 – Private commuters of class 6 to 12.**

No students should be instructed to come and wait outside on the streets.

Regards

**Dr E K MOHAMMED SHAFFE**  
Principal & HOI
