Read the passage given below and answer the questions that follow:-

Australia is an island. It is surrounded by the sea. However, as it is large in size, it is called a continent. It has long, sandy beaches, grassy farms and high mountains. It also has vast deserts and forests. Australia is famous for sheep rearing. There are millions of sheep all over the country. These sheep are bred for their meat and wool. There are also many large cattle farms in Australia.

Kangaroos are native to Australia. The mother kangaroo carries her young in her pouch. Kangaroos can run very fast because they have powerful hind legs. Like kangaroos, koalas can only be found in Australia. These animals are very quiet and they live in gum trees. They seldom climb down from their trees. Koala babies cling on to their mothers. They also ride on their mothers back.

1. Why is Australia known as an island?

2. Name the two animals that are found only in Australia.

3. Which animal lives most of the time in trees?

4. What helps the kangaroo to run fast?

5. Find the antonym for each of the words from the passage:

a. often x _____ b. lost x _____
