COMPREHENSION PASSAGE

Q) Read the given passage and answer the following questions. (Answer Q1 to Q3 in a complete sentence)

A carpenter is a person who builds or repairs wooden objects and structures. Carpenters are involved in the construction many different types of structures such as houses, big buildings or bridges. Some carpenters change their employers each time they finish a construction job. The duties of a carpenter differ each time they accept employment. Mostly carpenters work in many different locations. Carpentry is a very difficult outdoor profession. Carpenters endure climbing, bending and heavy laborious work. Often they put themselves at risk of injury because they work with sharp tools and in areas where they can fall and slip.

1. Is carpentry an outdoor profession?

2. Why are carpenters at risk while they work?

3. What work does a carpenter do?

4. Pick out the following terms from the passage and write them in the blanks.
