ARTICLES FOR FOCUS – THE SCHOOL MEGAZINE 2019-2020

27 June, 2019

Dear Students,

‘Greetings’

You are very well aware of the School Annual, ‘FOCUS’ which is a platform for the students to showcase their creative talents in various forms. Articles and creations are invited for the new edition of the ‘FOCUS’ which will be published before the end of this academic year. Creations like short stories, poems, travelogues, essays, skits, drawings and paintings, jokes etc., are invited from students. Those who are interested to prepare the articles in regional languages are also permitted to do so. The summer vacation period is the suitable time for the students to prepare the articles. All articles should be original and submitting for first time for publication. Articles are to be submitted to the class teachers within one week of reopening of the school.

Regards
