

HEY KIDS! HAVE A HAPPY, HAPPENING BREAK

Holidays are the most awaited time of the year. We yearn for holidays to take a break from our monotonous routine. It is the time to indulge in our hobbies, meet our friends and extended family members. However, we must not let our studies take a back seat during this time. We must devote some time to studies even during our holidays.

So, we are going to take up certain responsibilities and also enjoy our holidays with our families.

1. Read story books in English and Hindi. (Make a list of the books you have read)
2. Complete cursive writing pages 11 to 25.
3. Revise the letters and matras learned in Hindi.
4. Learn the tables of 2 & 5 orally very well.
5. Write numerals 1 - 500 in a 50 pages square note book.
6. Art activity book pages 27 to 29.

Note: The following are the assignments meant for grading.

Maths: Make a model of three dimensional shapes (cube, cuboid, cone, cylinder etc.) and display it on a styrofoam.

Evs: 1. Make a booklet of different types of houses.

2. Make a booklet of the clothes worn in different seasons.

Have a great holiday and enjoy yourself to your heart's content.
