

Dear Parents

**Vaccination of Class –I students –National Vaccination Campaign**

The representatives of the Ministry of Health & Preventive Medicine will be visiting our school from Monday, 30 October 2017 onwards in order to vaccinate the students of Class I (both Boys & Girls Sections). This will be a booster dose of MMR, DPT & OPV. If your ward has already taken the vaccine or if he/she is having any health problem to take the vaccine (like allergy, deficiency of immunity or any other major illness) please intimate the same along with supporting documents. Otherwise the vaccination will be given for your child from the school.

We rather request you to send the original vaccination card before Thursday, 26 October 2017 with your child to the class teacher.

With regards

**Dr E K MOHAMMED SHAFFE**  
Principal & HOI
