

**INTERNATIONAL INDIAN SCHOOL, DAMMAM**  
**TALENT SEARCH EXAMINATION (TSE 2022-23)**  
**UPPER PRIMARY SECTIONS**  
**CLASS IV**  
**STUDY MATERIAL**

**Note :1. Use the given study material as a reference for preparation of TSE .**

**2. Be updated with the current affairs from the month of Nov 22 to Jan 23.**

**TSE 2022-23                      CLASS: IV                      SUB: MATHEMATICS**

1. The thousands period has \_\_\_\_\_ places.  
a) 3                      b) 1                      c) 2                      d) 4
2. Write in figures: five lakh fifty thousand, two hundred forty six \_\_\_\_\_.  
a) 5,55,246              b) 5,40,446              c) 5,44,256              d) 5, 50,246
3. The successor of 40,389 is \_\_\_\_\_.  
a) 40,387              b) 40,390              c) 40,388              d) 40,489
4. Compare the following numbers: 30,003 \_\_\_\_\_ 30,030  
a) <                      b) =                      c) >                      d) +
5. Round 749 to the nearest 10:  
a) 700                      b) 800                      c) 750                      d) 740
6. Build the smallest 5-digit number using 6, 4, 7, 8, 0.  
a) 47,680              b) 4,678                      c) 46,078              d) 40,678
7. Find the standard form of  $10,000 + 200 + 60 + 3$   
a) 1,263                      b) 10,263                      c) 10,623                      d) 10,026
8. Find the face value of 7 in 7,43, 816.  
a) 70,000              b) 7, 00,000              c) 7                      d) 7,000
9. The greatest 5-digit number is:  
a) 9999                      b) 10,000                      c) 99,999                      d) 10,009
10. Find the place value of underlined digit in 2,43,612.  
a) 20,000              b) 2,00,000              c) 2                      d) 200
11.  $3 \times 16 = 48$ , where 48 is the \_\_\_\_\_.  
a) Factor                      b) multiple                      c) sum                      d) product
12.  $4,184 \times 24 \times 0 \times 64 =$  \_\_\_\_\_  
a) 4,184                      b) 24                      c) 0                      d) 64
13.  $925 \times$  \_\_\_\_\_  $= 400 \times 925$   
a) 925                      b) 400                      c) 1                      d) 0

14. Find the product of  $3942 \times 4$ .  
a) 15,768                      b) 15,708                      c) 15,807                      d) 15,678
15. The product of  $13 \times 40$  is \_\_\_\_\_.  
a) 52                              b) 5200                          c) 3200                          d) 520
16. The product of two numbers is 15,000. One number is 5, and the other number is  
a) 300                              b) 75,000                          c) 3,000                          d) 1,500
17.  $763 \times$  \_\_\_\_\_ = 76,300  
a) 1000                              b) 10                              c) 100                              d) 10,000
18. Multiply  $173 \times 214$ .  
a) 35,022                          b) 37,022                          c) 36,922                          d) 35,002
19. The product of 15 by itself is \_\_\_\_\_.  
a) 15                              b) 1                              c) 525                              d) 225
20. Find the product of a baker's dozen and a dozen.  
a) 144                              b) 156                              c) 169                              d) 72
21. If a number is divisible by 10, then its last digit is  
a) 1                              b) 5                              c) 0                              d) 2
22. Which is the greatest common factor of 4 and 16?  
a) 2                              b) 9                              c) 10                              d) 4
23. The factors of a number are \_\_\_\_\_.  
a) Unlimited                          b) limited                          c) zero                              d) none of the above
24. Which is the smallest factor of every number?  
a) 1                              b) 0                              c) 9                              d) 5
25. There are \_\_\_\_\_ prime numbers between 1 and 100  
a) 28                              b) 27                              c) 26                              d) 25
26. \_\_\_\_\_ numbers have more than two factors.  
a) Prime                              b) even                              c) composite                          d) odd
27. Which is the smallest even composite number?  
a) 9                              b) 4                              c) 3                              d) 2
28. 1 and 5 are the common factors of \_\_\_\_\_  
a) 6 and 12                          b) 14 and 21                          c) 6 and 9                          d) 15 and 25
29. \_\_\_\_\_ is the method of finding all prime numbers which multiply to make the original number.  
a) Prime factorization                      b) Integration                      c) Number line                      d) Menus ration

30. The odd prime numbers between 60 and 70 are \_\_\_\_\_  
a) 60 and 61      b) 61 and 63      c) 65 and 67      d) 61 and 67
31. How many tens make a thousand?  
a) 10      b) 100      c) 1      d) 1000
32. Find the difference between largest 5-digit number and smallest 4-digit number?  
a) 10,000      b) 9,998      c) 98,999      d) 99,988
33. 100 millions = \_\_\_\_\_ crores.  
a) 10      b) 1      c) 1000      d) 100
34. Find the sum of the place and face value of the underlined digit in the number: 7,84,362  
a) 4000      b) 4004      c) 4400      d) 4444
35. The predecessor of the greatest 5-digit number is \_\_\_\_\_  
a)  $99999 + 2$       b)  $99999 + 1$       c)  $99999 - 2$       d)  $99999 - 1$
36. What will the product be, if we multiply the triple of 6 by the triple of 100?  
a) 600      b) 5400      c) 1800      d) 1800
37. What is 6 less than the product of 18 and 10 ?  
a) 180      b) 8      c) 174      d) 6
38. 18 fives plus ten = \_\_\_\_\_ times 20.  
a) 6      b) 5      c) 10      d) 8
39. Which number multiplied by itself gives 169?  
a) 19      b) 16      c) 15      d) 13
40. What is 12 more than the product of 22 and 5 ?  
a) 110      b) 27      c) 122      d) 60
41. Find the sum of half a dozen and one third of a dozen.  
a) 24      b) 20      c) 10      d) 36
42.  $\frac{1}{3}$  of 30 -  $\frac{1}{10}$  of 30 = \_\_\_\_\_  
a) 7      b) 17      c) 70      d) 27
43. If  $\frac{1}{4}$  of a number is 20, then what is the number?  
a) 40      b) 20      c) 80      d) 10
44. What is half of 500 ml?  
a) 100 ml      b) 200 ml      c) 250 ml      d) 10 ml

45. What will you get when you double  $\frac{1}{3}$  of a lunar month?

- a) 9                      b) 12                      c) 24                      d) 18

46. \_\_\_\_\_ one-thirds make a whole.

- a) 2                      b) 1                      c) 4                      d) 3

47. The total number of equal parts in a whole is referred as \_\_\_\_\_.

- a) Denominator      b) Numerator      c) factor      d) fraction

48.  $\frac{3}{8}$  can be read as \_\_\_\_\_.

- a) Three eight      b) third-eight      c) three-eighths      d) eight – thirds

49. Write the fraction of the unshaded portion.

- a)  $\frac{5}{12}$                       b)  $\frac{6}{12}$                       c)  $\frac{7}{12}$                       d)  $\frac{12}{12}$

50.  $\frac{5}{6}$  of 2 dozen is \_\_\_\_\_.

- a) 10                      b) 12                      c) 20                      d) 24

51. Choose the improper fraction

- a)  $\frac{1}{7}$                       b)  $\frac{13}{7}$                       c)  $\frac{4}{7}$                       d)  $\frac{7}{13}$

52. The proper fractions with 1 as the numerator are called \_\_\_\_\_ fractions

- a) Mixed                      b) improper                      c) unit                      d) like

53. Convert  $1\frac{3}{4}$  into an improper fraction.

- a)  $\frac{12}{4}$                       b)  $\frac{13}{4}$                       c)  $\frac{4}{4}$                       d)  $\frac{7}{4}$

54. Convert  $\frac{8}{5}$  into a mixed number.

- a)  $3\frac{1}{5}$                       b)  $1\frac{3}{5}$                       c)  $5\frac{1}{3}$                       d)  $1\frac{5}{8}$

55.  $\frac{4}{15} + \frac{2}{15} + \frac{6}{15} =$  \_\_\_\_\_

- a)  $\frac{5}{12}$                       b)  $\frac{6}{15}$                       c)  $\frac{12}{15}$                       d)  $\frac{8}{15}$

56. Which is the largest 1-digit prime number?

- a) 9                      b) 5                      c) 7                      d) 1

57. A prime number is a number which is divisible by \_\_\_\_\_ and itself.

- a) 0                      b) 1                      c) 5                      d) 3

58. There are \_\_\_\_\_ composite numbers between 11 and 30.  
 a) 14                      b) 5                      c) 15                      d) 13
59. The Greek mathematician who gave a method for finding out prime numbers by removing numbers that are not prime.  
 a) Aristotle              b) Eratosthenes      c) Archimedes      d) Pythagoras
60. Which of the following numbers is divisible by 9?  
 a) 37026                  b) 541248              c) 542314              d) 36443
61. We use \_\_\_\_\_ when we put together two or more numbers.  
 a) division              b) multiplication      c) addition              d) subtraction
62. The numbers that are added are called \_\_\_\_\_.  
 a) subtrahend      b) addends              c) minuend              d) none of these
63. The sum of any number and \_\_\_\_\_ is the same number.  
 a) zero                  b) 1                      c) 2                      d) 100
64.  $1,336 + 2,984 + 1$  \_\_\_\_\_  $0 + 2,984 + 1,336$   
 a) =                      b) >                      c) <                      d) none of these
65. The sum of the largest 4-digit number and the smallest 5-digit number is \_\_\_\_  
 a) 1,999                  b) 9,999                  c) 10,999                  d) 19,999
66. The operation in which one number is taken away from the other is called as  
 a) division              b) multiplication      c) addition              d) subtraction
67. The number from which we subtract the other number is called \_\_\_\_\_.  
 a) subtrahend      b) minuend              c) difference              d) none of these
68. \_\_\_\_\_ + 900 = 1100.  
 a) 100                      b) 1,000                      c) 0                      d) 200
69.  $9,065 - 0 =$  \_\_\_\_\_  
 a) 0                      b) 965                      c) 9,065                      d) 9,066
70. Find the number that is 12 less than 180.  
 a) 178                      b) 188                      c) 168                      d) 160
71. What will be the difference if the sum of 190 and 61 is subtracted from 251.  
 a) 251                      b) 250                      c) 0                      d) 190

72. Sana buys 3kg of red apples, 4 kg of green apples, 8 kg of white apples and 2 kg of yellow apples. She makes 12 liters of juice using only yellow and white apples. How many kilograms does she use in all?

- a) 10kg                      b) 16kg                      c) 4kg                      d) 7kg

73.  $3,627 + \underline{\hspace{2cm}} = 0 + 1,927 + 3,627$

- a) 0                      b) 1,927                      c) 3,627                      d) none of these

74. Sum of smallest 4-digit number and the smallest 2-digit number.

- a) 1,010                      b) 2,010                      c) 1,001                      d) 110

75. Find the number that is 17 more than 29.

- a) 42                      b) 47                      c) 46                      d) 49

76. Any number divided by itself gives \_\_\_\_\_ as the quotient.

- a) 0                      b) 1                      c) number itself                      d) none of these

77.  $21 \div 1 = \underline{\hspace{2cm}}$

- a) 0                      b) 1                      c) 21                      d) none of these

78. If  $400 \div 100$ , then  $Q = \underline{\hspace{2cm}}$ .

- a) 0                      b) 10                      c) 4                      d) 400

79. If  $242 \div 10$ , then  $Q = \underline{\hspace{2cm}}$ ,  $R = 2$

- a) 2                      b) 42                      c) 24                      d) 200

80. How many 6s are there in 69?

- a) 6                      b) 9                      c) 10                      d) 11

81.  $700 \div \underline{\hspace{2cm}} = 7$

- a) 10                      b) 20                      c) 7                      d) 100

82.  $\underline{\hspace{2cm}} \div 10 = Q = 75$

- a) 75                      b) 10                      c) 750                      d) 700

83. There are \_\_\_\_\_ hundreds in 4,500.

- a) 45                      b) 450                      c) 500                      d) 50

84.  $160 \div 4$  \_\_\_\_\_  $5 \times 8$

- a) >                      b) <                      c) =                      d) none of these

85. What is the cost of one coconut if 100 coconuts cost 2,000?

- a) 200                      b) 20                      c) 50                      d) none of these

86. 200 wheels for how many bicycles?

- a) 50                      b) 100                      c) 75                      d) none of these

87. Leena and three of her friends bought a water game for Rs 392. What was each share?

- a) 98                      b) 90                      c) 39                      d) 92

88. Divide 65 children into a team of 5. Then there will be \_\_\_\_\_ number of teams.

- a) 13                      b) 12                      c) 11                      d) 10

89. Share 64 chocolates between 4 children. Then each child will get \_\_\_\_\_ chocolates.

- a) 24                      b) 14                      c) 16                      d) 20

90. Sima has 32 socks which she puts into pairs. How many pairs of socks can she make?

- a) 24                      b) 14                      c) 16                      d) 20

91. There is no end to the \_\_\_\_\_, we can get of a particular number.

- a) factors                      b) multiples                      c) factors and multiples                      d) none of these

92. Every \_\_\_\_\_ of a number is greater than or equal to the number itself.

- a) factor                      b) multiple                      c) factor and multiple                      d) none of these

93.  $6 \times 8 = 48$ , here 48 is a \_\_\_\_\_.

- a) factor                      b) multiple                      c) sum                      d) difference

94. \_\_\_\_\_ is a multiple of 5.

- a) 46                      b) 47                      c) 45                      d) 48

95. 30 is a common multiple of \_\_\_\_\_.

- a) 5 and 7                      b) 5 and 4                      c) 5 and 6                      d) none of these

96.  $2 \times 3 \times 4 = 24$ , so 24 is a \_\_\_\_\_ of 2, 3 and 4

- a) factor                      b) multiple                      c) sum                      d) difference

97. 4, 8, 12, 16, 20 are \_\_\_\_\_ of 4.

- a) factors                      b) multiples                      c) factors and multiples                      d) none of these

98. 6, 12, 18 are multiples of \_\_\_\_\_.

- a) 2 and 4                      b) 3 and 4                      c) 3 and 9                      d) 3 and 6

99. 11, 22, 33, 44 and 56 are all multiples of \_\_\_\_\_.

- a) 11                      b) 12                      c) 10                      d) 1

100. A \_\_\_\_\_ is the product of two given numbers.

- a) factor                      b) difference                      c) sum                      d) multiple

101. Double a number is 48. What is half the number?

- a) 27                      b) 24                      c) 23                      d) 25

102. 72 is a multiple of \_\_\_\_\_.

- a) 10                      b) 5                      c) 3                      d) none of these

103. 6, 18, 24 are not multiples of \_\_\_\_\_.

- a) 2 and 6                      b) 3 and 6                      c) 3 and 5                      d) 2 and 3

104. 100, 200, 300, 400 are multiples of \_\_\_\_.

- a) 10 and 5                      b) 2 and 3                      c) 5 and 6                      d) none of these

105. 15, 30, 45, 60 are multiples of \_\_\_\_\_.

- a) 3 and 10                      b) 3 and 15                      c) 3 and 4                      d) none of these

106. The digit to the right side of the point conveys that it is \_\_\_\_\_ one whole.

- a) equal to                      b) less than                      c) greater than                      d) none of these

107.  $0.9 + 0.1 =$

- a) 1.1                      b) 10                      c) 1.0                      d) 9.0

108. Write the decimal which comes after 10.99 \_\_\_\_\_.

- a) 11.00                      b) 10.100                      c) 1.100                      d) none of these

109.  $\frac{72}{100} =$  \_\_\_\_\_

- a) 72.1                      b) 100.72                      c) 0.72                      d) 71

110. 72 and 28 hundredths = \_\_\_\_\_

- a) 72.28                      b) 100.72                      c) 0.72                      d) 71

111. 1.6 is read as \_\_\_\_\_.

- a) 1 and 6 tenths                      b) 1 and 6 tens                      c) 1 and 6                      d) none of these

112. Choose the correct pattern:

- a) 0.8, 0.9, 0.10                      b) 0.8, 0.9, 1.0                      c) 0.8, 0.9, 0.01                      d) 0.8, 0.9, 0.001

113. The \_\_\_\_\_ in the denominator tells us about the number of decimal places.

- a) ones                      b) tens                      c) zeros                      d) hundreds

114. Complete the pattern 4.6, 4.7, 4.8, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.

- a) 4.9, 5.0, 5.1                      b) 4.9, 4.10, 4.11                      c) 4.9, 4.010, 4.011                      d) none of these

115. 1 tenth = \_\_\_\_\_ hundredths.

- a) 100                      b) 1                      c) 10                      d) 101

116. Write the decimal for  $\frac{93}{10}$

- a) 9.3      b) 93.0      c) 0.93      d) 90.3

117. Write the fraction for 1.31

- a)  $\frac{10}{131}$       b)  $\frac{13}{10}$       c)  $\frac{131}{10}$       d)  $\frac{131}{100}$

118. Choose the decimal in words for 2.1.

- a) two and one tenth    b) two and one tens    c) twenty one hundredths    d) none of these

119. Seventeen hundredths can be written as \_\_\_\_\_.

- a)  $\frac{7}{100}$       b)  $\frac{100}{7}$       c)  $\frac{17}{100}$       d)  $\frac{100}{17}$

120. 12.02 is equal to \_\_\_\_

- a)  $\frac{1202}{10}$       b)  $\frac{12}{02}$       c)  $\frac{1202}{100}$       d)  $\frac{100}{1202}$

### ANSWER KEY

| 28. d-15 and 25      | 29. a-prime factorization | 30. d-61 & 67    |
| 31. b -100           | 32. c – 98999             | 33. a – 10 crore |
| 34. b – 4004         | 35.d-99999 – 1            | 36. b – 5400     |
| 37. c – 174          | 38. b – 5                 | 39. d – 13       |
| 40. c – 122          | 41. c – 10                | 42. a – 7        |
| 43. c – 80           | 44. c – 250 ml            | 45. d – 18       |

46. d – 3
49. a – 5/12
52. c – unit
55. c – 12/15
58. d – 13
61. c) addition
64. b) >
67. b) minuend
70. c) 168
73. b) 1,927
76. b) 1
79. c) 24
82. c) 750
85. b) 20
88. a) 13
91. b) multiples
- 94.c) 45
97. b) multiples
100. d) multiple
103. c) 3 and 5
106. b) less than
109. c) 0.72
112. b) 0.8, 0.9,1.0
115. c) 10
118. a) two and one tenth
47. a – denominator
50. c – 20
53. d – 7/4
56. c – 7
59. b – Eratosthenes
62. b) addends
65. d) 19,999
68. d) 200
71. c) 0
74. a)1,010
77. c) 21
80. d) 11
83. a) 45
- 86.b) 100
89. c) 16
92. b) multiple
95. c) 5 and 6
98. d) 3 and 6
101. b) 24
- 104.a) 10 and 5
107. c) 1.0
110. a) 72.28
113. c) zeros
116. a) 9.3
119. c) 17/100
48. c – three eighths
51. b – 13/7
54. b -  $1\frac{3}{5}$
57. b – 1
60. a – 37026
63. a) zero
66. d) subtraction
69. c) 9,065
72. a) 10kg
75. c) 46
78. c) 4
81. d) 100
84. c) =
- 87.a) 98
90. c) 16
93. b) multiple
96. b) multiple
99. d) 1
102. c) 3
105. b) 3 and 15
108. a) 11.00
111. a) 1 and 6 tenths
114. a) 4.9, 5.0, 5.1
- 117.d) 131/100
120. c) 1202/100

## QUESTIONS

**TSE 2022 – 2023**

**CLASS : IV**

**SUBJECT : EVS**

- 1) \_\_\_\_\_ is not only soft and comfortable to wear but also good for the environment.  
a) Nylon                      b) Polyester                      c) Rayon                      d) Organic cotton
- 2) A Gram Panchayat is elected for a period of \_\_\_\_\_ years.  
a) one                      b) six                      c) five                      d) three
- 3) \_\_\_\_\_ are the glimpse of our past.  
a) Rivers                      b) Roads                      c) Streets                      d) Monuments
- 4) Trees keep the atmosphere cool as they release \_\_\_\_\_ in the air.  
a) water vapour                      b) carbon dioxide                      c) helium                      d) ozone
- 5) \_\_\_\_\_ are the main source of revenue for carrying out development work by the government.  
a) Taxes                      b) Loans                      c) Donations                      d) None of these
- 6) Identify the plant product.  
a) wool                      b) medicine                      c) honey                      d) silk
- 7) Which of the following is not needed in photosynthesis?  
a) carbon dioxide                      b) water                      c) food                      d) sunlight
- 8) \_\_\_\_\_ are used to protect silk and woollen clothes.  
a) Perfumes                      b) Detergents                      c) Soaps                      d) Naphthalene balls
- 9) Phiran – salwar are the traditional clothes worn by the people of \_\_\_\_\_.  
a) Rajasthan                      b) Jammu and Kashmir                      c) Gujarat                      d) West Bengal
- 10) The broad flat part of the leaf is called \_\_\_\_\_.  
a) lamina                      b) vein                      c) mid rib                      d) apex
- 11) Factories and vehicles give out \_\_\_\_\_.  
a) oxygen                      b) nitrogen                      c) carbon dioxide                      d) sulphur
- 12) Gandhiji used Charkha for a process called \_\_\_\_\_.  
a) knitting                      b) spinning                      c) stitching                      d) printing
- 13) The head of a Municipal Corporation is called \_\_\_\_\_.  
a) Mayor                      b) Sarpanch                      c) Pradhan                      d) Gram Sevak

- 14) Special clothes worn by people in certain professions are known as \_\_\_\_\_  
a) raincoats          b) uniforms          c) party wear          d) all of these
- 15) The destruction of Public Property causes great losses to the \_\_\_\_\_.  
a) offices          b) schools          c) privates          d) government
- 16) Which of the processes is done to make a sweater ?  
a) weaving          b) stitching          c) spinning          d) knitting
- 17) Biodegradable matter breaks down naturally with exposure to \_\_\_\_\_.  
a) heat          b) micro organisms          c) air          d) wind
- 18) Kesar is obtained from \_\_\_\_\_ flower.  
a) sunflower          b) rose          c) orchid          d) crocus
- 19) \_\_\_\_\_ is a stem that we eat.  
a) Carrot          b) Sugarcane          c) Turnip          d) Radish
- 20) Which of the following is not one of the 3R's of waste management?  
a) reduce          b) reuse          c) reproduce          d) recycle
- 21) Noise pollution results in \_\_\_\_\_.  
a) skin allergy          b) asthma          c) hearing impairment          d) bronchitis
- 22) Which part of a plant is called its food factory?  
a) stem          b) leaf          c) root          d) branches
- 23) \_\_\_\_\_ are dried flower buds.  
a) Pepper          b) Cloves          c) Cinnamon          d) Cardamom
- 24) Converting used items into raw materials and then making new products from it is called \_\_\_\_\_.  
a) replacing          b) reducing          c) recycling          d) reusing
- 25) Which of the following is a greatest threat for our environment?  
a) polybags          b) fruit peels          c) paper wastes          d) cow dung
- 26) We eat the leaves of the following plants except \_\_\_\_\_.  
a) spinach          b) coriander          c) lotus          d) mint

- 27) Cutting down of more and more trees is called \_\_\_\_\_.
- a) afforestation                      b) deforestation                      c) plantation                      d) farming
- 28) Carpool must be encouraged to avoid \_\_\_\_\_.
- a) water pollution                      b) soil pollution                      c) air pollution                      d) both a and b
- 29) Which among these is a non flowering plant?
- a) Moss                      b) Iris                      c) Cosmos                      d) Daffodil
- 30) Which among these is not a public property?
- a) street light                      b) library                      c) bicycle                      d) postbox
- 31) Plants get \_\_\_\_\_ from the sun for preparing food.
- a) heat energy                      b) wind energy                      c) light energy                      d) water energy
- 32) \_\_\_\_\_ is the managing body of a village which provides services to the village people.
- a) Municipal Corporation                      b) Club                      c) Gram Panchayat                      d) Municipal Committee
- 33) An activity that helps in bringing a change.
- a) campaign                      b) recreation                      c) exhibition                      d) none of these
- 34) \_\_\_\_\_ should be kept away from historical monuments.
- a) Rivers                      b) Parks                      c) Museums                      d) Factories
- 35) Which of the following is an artificial fibre?
- a) nylon                      b) silk                      c) wool                      d) cotton
- 36) The edible part of broccoli is its \_\_\_\_\_.
- a) leaf                      b) flower                      c) fruit                      d) stem
- 37) Air pollution is caused by the release of \_\_\_\_\_ in air.
- a) oxygen                      b) water vapour                      c) toxic gases                      d) both a and b
- 38) All living and non-living things make up the \_\_\_\_\_.
- a) exosphere                      b) atmosphere                      c) environment                      d) surroundings
- 39) \_\_\_\_\_ are tiny pores through which gaseous exchange occurs in plant.
- a) Apex                      b) Stomata                      c) Lamina                      d) Stalk

- 40) The process by which seeds get proper air, water and warmth and they grow into new plants is known as \_\_\_\_\_.
- a) photosynthesis    b) transpiration    c) germination    d) precipitation
- 41) Petunia blooms during the \_\_\_\_\_ season.
- a) summer    b) winter    c) spring    d) throughout the year
- 42) People who sell \_\_\_\_\_ are called Florists.
- a) flowers    b) flours    c) fruits    d) plants
- 43) Technology has created a new type of waste called \_\_\_\_\_.
- a) biodegradable waste    b) solid waste    c) e - waste    d) chemical waste
- 44) A \_\_\_\_\_ is an area of land used for growing crops and rearing animals.
- a) forests    b) hills    c) desert    d) farm
- 45) \_\_\_\_\_ is called the ' Land of coconuts '.
- a) Tamil Nadu    b) Sri Lanka    c) Kerala    d) Karnataka
- 46) Linen is obtained from \_\_\_\_\_ plant.
- a) flax    b) jute    c) cotton    d) rami
- 47) Kimono is a traditional dress of the people of \_\_\_\_\_.
- a) China    b) Korea    c) Africa    d) Japan
- 48) CNG and LPG do not cause \_\_\_\_\_ pollution. a) water    b) air    c) noise    d) soil
- 49) Rain coats and umbrellas are made of \_\_\_\_\_ materials.
- a) cotton    b) woolen    c) silk    d) water proof
- 50) The method of burning medical wastes in big furnaces is called \_\_\_\_\_.
- a) decomposition    b) incineration    c) sanitation    d) conservation
- 51) Rita has asthma because of \_\_\_\_\_.
- a) too much smoke    b) no clean drinking water
- c) too much noise    d) littering on road side
- 52) Which of the following plants has chlorophyll in its stem?
- a) fir    b) cactus    c) amla    d) eucalyptus
- 53) \_\_\_\_\_ is a cooking gas formed by the decay of cow dung and other organic wastes.
- a) LPG    b) CNG    c) LNG    d) Gobar gas

- 54) \_\_\_\_\_ is an insectivorous plants.
- a) Spruce                      b) Duck weed                      c) Pond weed                      d) Sundew
- 55) Which of the following is a free floating water plant?
- a) water hyacinth                      b) tape grass                      c) lotus                      d) water lily
- 56) Mangrove trees grow in \_\_\_\_\_.
- a) cold areas                      b) hilly areas                      c) desert areas                      d) marshy areas
- 57) Taj Mahal has become yellow in colour due to \_\_\_\_\_.
- a) acid rain                      b) greenhouse effect                      c) global warming                      d) algae and fungi
- 58) Food prepared in plants is stored in the form of \_\_\_\_\_.
- a) proteins                      b) minerals                      c) starch                      d) fats
- 59) Increase of \_\_\_\_\_ in our environment causes global warming.
- a) oxygen                      b) nitrogen                      c) hydrogen                      d) carbon dioxide
- 60) \_\_\_\_\_ contains a baby plant and food for the new plant.
- a) Flower                      b) Fruits                      c) Seeds                      d) Roots
- 61) Where is stomach located?
- a) lower abdomen, above the ribs                      b) lower abdomen, under the ribs  
c) upper abdomen, under the ribs                      d) upper abdomen, above the ribs
62. A strong rush of emotions accelerates our \_\_\_\_\_.
- a) blood clotting                      b) heartbeat                      c) digestion                      d) inhalation
63. The absorption of water from the undigested food takes place in the \_\_\_\_\_.
- a) large intestine                      b) stomach                      c) kidneys                      d) small intestine
64. \_\_\_\_\_ from our sense organs send and receive signals from the brain.
- a) Nerves                      b) Proteins                      c) Blood                      d) Chemicals
65. \_\_\_\_\_ provides the body with oxygen and nutrients.
- a) Lungs                      b) Blood                      c) Liver                      d) Stomach
66. Brain is a part of the \_\_\_\_\_ system.
- a) circulatory                      b) nervous                      c) digestive                      d) excretory

67. Iron and calcium are \_\_\_\_\_.
- a) minerals            b) vitamins            c) fats            d) proteins
68. Something which can die or decay quickly
- a) fermentation            b) roughage            c) sprouting            d) perishable
69. Choose the correct one:
- a) farmers → mandi → retailers → home
- b) farmers → retailers → mandi → home
- c) retailers → farmers → mandi → home
- d) mandi → farmers → retailers → home
70. When the dough is left overnight, it will \_\_\_\_\_.
- a) sprout            b) dry            c) ferment            d) freeze
71. \_\_\_\_\_ preserves the food for a short period of time.
- a) Canning            b) Drying            c) Sweetening            d) Boiling
72. \_\_\_\_\_ repair the damaged parts of our body.
- a) Carbohydrates            b) Fats            c) Proteins            d) Vitamins
73. Our food has \_\_\_\_\_ important nutrients.
- a) 4            b) 3            c) 5            d) 6
74. Working without wire connection to the main supply is called \_\_\_\_\_.
- a) broadcast            b) cordless            c) GPS            d) internet
75. Which among the means of communication was introduced first?
- a) television            b) computer            c) telephone            d) telex
76. The cheapest mode of communication is \_\_\_\_\_.
- a) mobile phone            b) email            c) letter            d) SMS
77. Live programs on television and weather forecast are brought through
- a) computer            b) mobile phone            c) cable wire            d) satellites
78. \_\_\_\_\_ is used for both personal and mass communication.
- a) radio            b) social media            c) FAX            d) postcard

79. Recycling of old tyres is known as \_\_\_\_\_.
- a) pyrolysis            b) pyrosis            c) pyrogenesis            d) pyrolis
80. \_\_\_\_\_ transport is very useful during natural calamities.
- a) Water                      b) Land                      c) Air                      d) Rail
81. \_\_\_\_\_ is the longest highway in India.
- a) NH 27                      b) NH 7                      c) NH 47                      d) NH 17
82. \_\_\_\_\_ is used to generate electricity.
- a) Persian wheel            b) Waterwheel            c) Potter's wheel            d) Ferris wheel
83. The most important use of wheel is its use in the \_\_\_\_\_.
- a) irrigation    b) means of transportation    c) windmills                      d) machines.
84. Full form of NHAI.
- a) National Highway Association of India    b) National Human Association of India
- c) National Human Authority of India                      d) National Highway Authority of India
85. Heating up and cooling down of land is
- a) faster than water            b) less than water
- c) same as that of water            d) less than air.
86. Which among the sports activities is not using wind?
- a) sailing                      b) surfing                      c) wrestling                      d) paragliding
87. \_\_\_\_\_ is needed for burning.
- a) Carbohydrates            b) Hydrogen            c) Nitrogen            d) Oxygen
88. Which is not the property of air?
- a) Air cannot be seen            b) Air has no weight
- c) Air moves            d) Air occupies space
89. Sea breeze and land breeze occur in \_\_\_\_\_.
- a) coastal regions    b) hilly areas            c) polar regions            d) forests
90. The major cause of air pollution is \_\_\_\_\_.
- a) dust                      b) smoke                      c) water vapour            d) all the above

91. The amount of nitrogen present in air.

- a) 21%      b) 1%      c) 78%      d) 57%

92. Humidity is the amount of \_\_\_\_\_ present in the air.

- a) water                      b) water vapour                      c) smoke                      d) helium

93. Fog reduces the human vision to less than \_\_\_\_\_.

- a) 1 km                      b) 2 kms                      c) 3 kms                      d) 4 kms

94. The process of fall of water, ice or snow deposited on the surface of the earth.

- a) evaporation              b) condensation                      c) precipitation              d) humidity

95. We experience \_\_\_\_\_ weather during monsoon.

- a) hot              b) humid                      c) warm                      d) cold

96. When raindrops pass through very cold air in the atmosphere, it causes the formation of

- a) hail              b) fog                      c) dew                      d) frost

97. The atmospheric condition of a place at a particular time

- a) season                      b) weather                      c) climate                      d) none of these

98. Change in seasons is caused due to \_\_\_\_\_.

- a) heat of sun              b) revolution                      c) rotation              d) change in weather

99. The rate of evaporation is faster.

- a) on sunny days      b) on windy days      c) When surface area is large      d) all of these

100. Which among the following is not true?

- a) Dry air increases the rate of evaporation.      b) Sun's rays fall straight at noon.  
c) Half of the earth's surface is covered with water.  
d) Change in weather takes place due to the Sun.

101. \_\_\_\_\_ has no nutritive value and cannot be digested by the body.

- a) Carbohydrates      b) roughage                      c) minerals                      d) fats

102. Which vitamin helps the blood to clot?

- a) Vitamin A                      b) Vitamin D                      c) Vitamin E                      d) Vitamin K

103. If you keep a lid above the boiling water, you will observe water droplets under the lid. This occurs due to \_\_\_\_\_.

- a) evaporation                      b) condensation                      c) precipitation                      d) reaction

104. If you send a photograph through an email from Saudi Arabia to a friend in India, how long will it take to reach?

- a) within a few seconds
- b) from a few minutes to an hour
- c) from a few days to a week
- d) within a month

105. Full form of CNG.

- a) Condensed Nitrogen Gas
- b) Compressed Natural Gas
- c) Compressed Nitrogen Gas
- d) Condensed Natural Gas

106. FM and AM are the terms used with regard to \_\_\_\_\_.

- a) television
- b) time
- c) radio
- d) movies

107. Sound cannot travel in space because \_\_\_\_\_.

- a) there is no air
- b) there is no energy
- c) there is no light
- d) there is no gravity

108. \_\_\_\_\_ is used in fire extinguishers.

- a) Carbon dioxide
- b) Oxygen
- c) Argon
- d) Krypton

109. How long does the earth take to complete one rotation?

- a) 15 hours
- b) 48 hours
- c) 24 hours
- d) 96 hours

110. How long does the earth take to complete one revolution?

- a) 365 days
- b) 365 days and 2 hours
- c) 365 days and 9 hours
- d) 365 days and 6 hours

111. Which among the following is the longest?

- a) large intestine
- b) small intestine
- c) food pipe
- d) stomach

112. I have a crown, I am not a king. I have a neck, I am not an animal.

I have a root, I am not a plant. Who am I?

- a) Eye
- b) Tooth
- c) Tongue
- d) Nail

113. Largest organ in the human body.

- a) Liver
- b) Brain
- c) Skin
- d) Leg

114. Hot air balloon rises up in the air because

- a) hot air is heavier than cold air
- b) hot air is lighter than cold air
- c) of the humidity of the air
- d) of large surface area

115. Alice is suffering from protein deficiency. Which of the following should she have in her diet?

- a) rice
- b) bean
- c) carrot
- d) lettuce

116. If you were exposed to air pollution, what kind of illness would you probably get?

- a) heart attack                      b) asthma                      c) pneumonia                      d) malaria

117. In which season the nights are much longer than the days.

- a) spring                      b) summer                      c) winter                      d) autumn

118. What is glass made from?

- a) clay                      b) mud                      c) metal                      d) sand

119. Which device is used to measure temperature?

- a) thermometer                      b) barometer                      c) hydrometer                      d) stethoscope

## QUESTIONS

**TSE 2022 – 2023**

**CLASS : IV**

**SUBJECT : GENERAL KNOWLEDGE**

1. Name the fish that can kill a person when it stings.  
a. Kingfish                      b. Jellyfish                      c. Goldfish                      d. Eel
2. A \_\_\_\_\_ can blow itself up into a spiny ball.  
a. Porcupinefish                      b. Starfish                      c. Jelly fish                      d. none of these
3. A \_\_\_\_\_ does not flap its fins while flying.  
a. Flying fish                      b. Catfish                      c. eel                      d. salmon
4. If one of the arms of \_\_\_\_\_ breaks off, it can turn into a whole new fish.  
a. Tuna                      b. Rockfish                      c. Clownfish                      d. Starfish
5. \_\_\_\_\_ can climb trees in search of insects and take in oxygen through their mouth.  
a. Clownfish                      b. Mudskipper fish                      c. Ocean sunfish                      d. Bluefish
6. \_\_\_\_\_ is the biggest of all bony fishes.  
a. Ocean sunfish                      b. shark                      c. Sailfish                      d. Bluefin tuna fish
7. The world's biggest cactus that grows about 20 meters high and 1 meter thick is \_\_\_\_\_.  
a. saguaro                      b. raffia palm                      c. rose                      d. hemlock
8. The largest and the softest wood is obtained from the plants of \_\_\_\_\_.  
a. Gulmohar                      b. Balsa                      c. Banyan                      d. Neem
9. \_\_\_\_\_ is the world's most poisonous plant.  
a. Spider plant                      b. Palm plant                      c. Hemlock plant                      d. Rubber plant
10. According to the Guinness Book of World Records , the \_\_\_\_\_ tree is the world's most dangerous tree.  
a. coconut                      b. manchineel                      c. balsam                      d. Hyperion
11. The most useful tree in the world is the \_\_\_\_\_ tree.  
a. eucalyptus                      b. pine                      c. apple                      d. chestnut
12. The world's fastest growing sea weed which can grow up to 61 metres a day is \_\_\_\_\_.  
a. giant kelp                      b. kombu                      c. wakame                      d. nori

13. A water plant with hairy structures, that act like traps or bladders. As soon as an insect touches a part of hair, it falls into its trap.

- a. Cobra plant      b. Pitcher plant      c. Bladder wort      d. Money plant

14. Which of the following is the nearest star to the Earth?

- a. Moon      b. Jupiter      c. Sun      d. Mercury

15. How many days does Mercury take to orbit around the Sun?

- a. 22      b. 44      c. 88      d. 99

16. The windiest planet in our solar system is \_\_\_\_\_.

- a. Uranus      b. Saturn      c. Mercury      d. Neptune

17. Who discovered that the Earth revolves around the Sun?

- a. Galileo Galilei      b. Isaac Newton      c. Albert Einstein      d. Kepler

18. Which of the following statements are true about Sun?

- a. It is made up of gases.      b. It has its own light and heat.  
c. Sun is a star.      d. All of these

19. Which of the following planets is considered as Earth's twin?

- a. Mars      b. Mercury      c. Venus      d. Saturn

20. The planets that have rings around them are \_\_\_\_\_.

- a. Saturn and Uranus      b. Mercury and Venus  
c. Earth and Mars      d. All the eight planets

21. \_\_\_\_\_ is the closest planet to the Moon.

- a. Venus      b. Mars      c. Uranus      d. Jupiter

22. A \_\_\_\_\_ is often used by astronomers to see distant objects clearly.

- a. microscope      b. stethoscope      c. telescope      d. gyroscope

23. What are the rings of Saturn made of?

- a. gases and clouds      b. pieces of ice and rock  
c. wind and storm      d. satellites

24. The solar system is approximately \_\_\_\_\_ years old.

- a. 5 million      b. 50 million      c. 500      d. 5 billion

25. \_\_\_\_\_ is the largest country in the Arabian Peninsula.
- a. Kuwait                      b. Qatar                      c. Oman                      d. Saudi Arabia
26. Saudi Arabia is to the \_\_\_\_\_ of the equator.
- a. north                      b. south                      c. east                      d. west
27. To the north Saudi Arabia shares its border with \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_.
- a. Oman, Muscat, Qatar                      b. Kuwait, Bahrain, UAE  
c. Iraq, Jordan, Kuwait                      d. Egypt, Sudan, Iran
28. Saudi Arabia is bordered by \_\_\_\_\_ sea in the east.
- a. Red                      b. Arabian                      c. Mediterranean                      d. Black
29. The major trading port that lies on the Red sea coast is \_\_\_\_\_.
- a. Al- Khobar                      b. Riyadh                      c. Ras Tanura                      d. Jeddah
30. The capital of Netherlands is \_\_\_\_\_.
- a. Canberra                      b. Ottawa                      c. Amsterdam.                      d. Tehran
31. The currency used in Denmark is \_\_\_\_\_.
- a. Danish krone                      b. dollar                      c. pound                      d. Euro
32. Ottawa is the capital of which country?
- a. Canberra                      b. Canada                      c. Indonesia                      d. Brazil
33. Real is the currency of which country?
- a. Brazil                      b. Saudi Arabia                      c. Australia                      d. Malaysia
34. Manila is the capital of \_\_\_\_\_.
- a. Indonesia                      b. Egypt                      c. Iran                      d. Philippines
35. The capital of UAE is \_\_\_\_\_.
- a. Abu Dhabi                      b. Dubai                      c. Sharjah                      d. Saudi Arabia
36. Rugby is the national game of \_\_\_\_\_.
- a. Mexico                      b. Canada                      c. New Zealand                      d. England
37. Name the country which has two national games.
- a. USA                      b. Canada                      c. Greece                      d. Sri Lanka
38. The national game of Afghanistan is \_\_\_\_\_.
- a. baseball                      b. basketball                      c. cricket                      d. buzkashi

39. Traditional sport of Saudi Arabia is \_\_\_\_\_.

- a. horse racing      b. bull fight      c. camel racing      d. wrestling

40. The National sport of Scotland .

- a. Bandy      b. Ice hockey      c. Golf      d. Hockey

41. What is the term used for Sumo Wrestlers of Japan?

- a. rikishi      b. rishiki      c. referee      d. none of these

42. Dhyan Chand Trophy is associated to which game?

- a. football      b. hockey      c. cricket      d. tennis

43. Name the country which has adopted kabaddi as its national game.

- a.China      b. Brazil      c. Sri Lanka      d. Bangladesh

44. Identify the sport in the picture.

- a. Basketball      b. Volleyball      c. Baseball      d. Football

45.Name the national game of Bhutan.

- a. Tennis      b. Chess      c. Volleyball      d. Archery

46. This plant has a hollow, tube-like leaves which make a sweet smelling nectar which attracts insects into the tube.

- a.Venus flytrap      b. Sundew      c. Cobra plant      d. Pitcher plant

47. Flesh eating plants are known as \_\_\_\_\_.

- a. herbivorous plants
- b. carnivorous plants
- c. herbal plants
- d. ornamental plants

48. Identify and name this fish.

- a. Flying fish
- b. Star fish
- c. Snake fish
- d. Climbing fish

49. The national bird of Saudi Arabia is \_\_\_\_\_

- a. Eagle
- b. Vulture
- c. Falcon
- d. Hawk

50. \_\_\_\_\_ is the number one most traded currency globally.

- a. Saudi Riyals
- b. Pounds
- c. U.S Dollar
- d. Australian Dollar

51. Britain's first Indian origin prime minister who scripted history in UK as youngest British prime minister.

- a. Rishi Sunak
- b. Ashneer Grover
- c. Dilip Sanghvi
- d. Narayana Murthy

52. An Indian American, who was awarded the Padma Bhushan 2022 in the trade and industry category is \_\_\_\_\_.

- a. Kamala Harris
- b. Kiran Desai
- c. Sundar Pichai
- d. Amartya Sen

53. Chinese president, \_\_\_\_\_ won record third term win in power for ruling China.

- a. Xi Jin Ping
- b. Jet Li
- c. Deng Xiaoping
- d. Sun Yat-Sen

54. Name the famous football player who signed a 200 million Euro contracts with Saudi Club Al Nassr.

- a. Cristiano Ronaldo
- b. Harry Kame
- c. Lionel Messi
- d. Robert Lewandowski

55. Arab League Summit 2022 was hosted by which country?

- a. Saudi Arabia
- b. Qatar
- c. Dubai
- d. Algeria

56. World Environment Day 2022 was hosted by which country?

- a. USA
- b. Sweden
- c. India
- d. Australia

68. A native fruit of China which has thin brown skin and soft green flesh is \_\_\_\_\_.  
a) Avocado            b) Kiwi                    c) Dragon fruit            d) Orange
69. \_\_\_\_\_ is a plant whose young stems are cooked and eaten as a vegetable.  
a) Broccoli            b) Artichoke            c) Olive                    d) Asparagus
70. A round vegetable with a lot of thick green leaves is called \_\_\_\_\_.  
a) Artichoke            b) Asparagus            c) Broccoli            d) Potato
71. The study of heredity of individuals is called \_\_\_\_\_.  
a) Biology            b) Geology            c) Astronomy            d) Genetics
72. The scientific study of weather and climate is called \_\_\_\_\_.  
a) Ornithology            b) Meteorology            c) Seismology            d) Geology
73. \_\_\_\_\_ is the scientific study of birds.  
a) Genetics            b) Biology            c) Ornithology            d) Optics
74. Which one of the following is the scientific study of earthquakes?  
a) Seismology            b) Ornithology            c) Biology            d) Genetics
75. \_\_\_\_\_ is the scientific study of living things.  
a) Geology            b) Biology            c) Seismology            d) Astronomy
76. The highest point on the Arabian Peninsula is in the mountains of \_\_\_\_\_.  
a) Iran            b) Iraq            c) Egypt            d) Yemen
77. Which is the largest country in Asia?  
a) Oman            b) India            c) China            d) Afghanistan
78. Which is the only island country in the middle east?  
a) Iraq            b) Bahrain            c) Syria            d) Iran
79. \_\_\_\_\_ is the modern underground means of fast trains and runs on electricity.  
a) Metro            b) Monorail            c) Submarine            d) Yacht
80. \_\_\_\_\_ is often used for travel in hilly areas and in emergencies.  
a) Yacht            b) Helicopter            c) Monorail            d) Metro

81. A luxury ship which is often owned privately for leisure is \_\_\_\_\_.
- a) Submarine    b) Metro                      c) Yacht                      d) Monorail
82. A single rail carrier plies on small platforms, just like other means of transport on the road.
- a) Monorail                      b) Helicopter                      c) Metro                      d) Bus
83. \_\_\_\_\_ is an underwater vehicle which is usually used for defense and research purposes.
- a) Yacht                      b) Aeroplane                      c) Monorail                      d) Submarine
84. An explorer who first saw the Victoria falls and explored most of South Africa is \_\_\_\_\_.
- a) David Livingstone    b) Roald Amundsen    c) Abel Tasman                      d) Ericson
85. The Portuguese sailor who first discovered the sea route to India is \_\_\_\_\_.
- a) Christopher Columbus    b) Vasco da Gama    c) Roald Amundsen    d) Ericson
86. Who discovered the frontier regions of India, China and Tibet?
- a) Ferdinand Magellan    b) Francis Younghusband    c) Abel Tasman    d) Livingstone
87. \_\_\_\_\_ is the Norwegian who discovered the South Pole in 1912.
- a) Vasco da Gama                      b) Roald Amundsen                      c) Ericson                      d) Columbus
88. The Italian explorer who sailed across the Atlantic in 1492, hoping to find a route to India but discovered America instead is \_\_\_\_\_.
- a) Francis Younghusband    b) Christopher Columbus                      c) Roald Amundsen                      d) Vasco da Gama
89. A place for keeping aeroplanes is called a \_\_\_\_\_.
- a) Dock                      b) Hangar                      c) Pier                      d) Depot
90. A place for boarding trains is called a \_\_\_\_\_.
- a) Railway Station    b) Dock                      c) Railway Yard                      d) Pier
91. \_\_\_\_\_ is a place where ships are repaired or built.
- a) Railway Yard                      b) Hangar                      c) Dock                      d) Depot
92. Which one of the following is a place where coaches of trains are kept?
- a) Railway Yard                      b) Depot                      c) Railway Station                      d) Hangar

93. A place where buses are kept is called a \_\_\_\_\_.
- a) Hangar                      b) Dock                      c) Pier                      d) Depot
94. Which country's flag is triangle in shape?
- a) Bhutan                      b) Nepal                      c) China                      d) India
95. What tools are printed on the USSR flag?
- a) Hammer and sickle    b) Hammer and nail    c) Hammer and axe    d) Hammer and chisel
96. Which of the ancient seven wonders of the world still stands?
- a) Colosseum                      b) Pyramid of Giza  
c) Hanging gardens of Babylon    d) Lighthouse of Alexandria
97. The Statue of Liberty was gifted to the U.S.A by \_\_\_\_\_.
- a) France                      b) Italy                      c) Germany                      d) Japan
98. The Australian mammal that lays eggs is \_\_\_\_\_.
- a) Bat    b) Duck-billed platypus    c) Whale                      d) Hedgehog
99. Who was the first Indian scientist to get the Nobel Prize?
- a) J.C. Bose                      b) C.V. Raman                      c) S. Ramanujan                      d) A. P. J. Abdul Kalam
100. Which is the device used to predict the precise timing of sunrise and sunset?
- a) Clock                      b) Wind chime                      c) Astrolabe                      d) Pendulum
101. The fastest animal on land is the \_\_\_\_\_.
- a) Tiger                      b) Puma                      c) Cheetah                      d) Lion
102. The telephone was invented by \_\_\_\_\_.
- a) Thomas Alva Edison                      b) John Logie Baird  
c) Alexander Graham Bell                      d) Hans Lipperhey
103. The \_\_\_\_\_ was invented by Wright brothers.
- a) Aeroplane                      b) Radio                      c) Television                      d) Telescope
104. \_\_\_\_\_ invented the telescope.
- a) Alexander Graham Bell                      b) Thomas Alva Edison  
c) Hans Lipperhey                      d) Oliver Evans
105. The \_\_\_\_\_ was invented by Guglielmo Marconi.
- a) Telephone                      b) Television                      c) Telescope                      d) Radio

106. \_\_\_\_\_ is the longest key on the keyboard.  
a) Shift key                      b) Space bar                      c) Delete key                      d) Escape key
107. \_\_\_\_\_ key is used to abort or terminate the program or function.  
a) Escape                      b) Enter                      c) Arrow                      d) Shift
108. A key which is used to send the commands and instructions you have typed inside the CPU for processing.  
a) Space bar                      b) Enter key                      c) Delete key                      d) Shift key
109. Which one of the following is the longest river in the world?  
a) Brahmaputra                      b) Amazon                      c) Mississippi                      d) Nile
110. The \_\_\_\_\_ is the biggest ocean in the world.  
a) Atlantic Ocean                      b) Pacific Ocean                      c) Indian Ocean                      d) Arctic Ocean
111. Who represented India in the Meeting of Shanghai Cooperation Organisation (SCO) Council of Heads of Government?  
a) Narendra Modi    b) Dr S Jaishankar    c) Amit Shah                      d) Rajnath Singh
112. Mauna Loa Volcano, which was seen in the news recently, is located in which place?  
a) Indonesia                      b) Hawaii                      c) Philippines                      d) Japan
113. Which Indian state is set to host the 'Track Asia Cup 2022 Cycling Tournament'?  
a) Karnataka                      b) Uttarakhand                      c) Kerala                      d) Sikkim
114. Who is the head of the panel set up to strengthen the assessment and accreditation of higher educational institutions?  
a) K Radhakrishnan                      b) Kasturi Rangan                      c) Amitabh Kant                      d) V K Paul
115. Which state government along with USAID announced the launch of 'Trees Outside Forests in India (TOFI)' program?  
a) West Bengal                      b) Uttarakhand                      c) Haryana                      d) Karnataka
116. The Indian Space Research Organization (ISRO) has collaborated with which country to explore the Venus and the dark side of the moon?  
a) USA                      b) Japan                      c) Australia                      d) Russia
117. Which country launched a new rocket named 'Ghaem 100'?  
a) Israel                      b) Russia                      c) Iran                      d) UAE

118. Which Asian country is named as the host of 2023 IBA Women's World Boxing Championship?

- a) Sri Lanka                      b) Pakistan                      c) India                      d) Nepal

119. Which Indian sportsperson has been appointed as the 'Friendship Ambassador' by the Switzerland Tourism?
