

Upper Primary Section – GIRLS

"Doing our part to prepare our students, all of them, for success in the classroom, in college and in a career"

"We enable them to achieve their ambition and reach their full potential."

The Upper Primary Section - Girls is headed by Ms. Memoona Tabassum, who takes care of the administration and ensures the smooth running of the section from the academic year 2008. The management is assisted by a highly resourceful teaching faculty of about 69 staffs including First Aid and Admin who are giving maximum importance to providing quality education and are enabling and empowering the learners to emerge as a competent youth, ready to take on challenges of the rapidly changing world. The section has a total strength of 1530 students.

Our classrooms provide an atmosphere where ideas are turned into reality, encouraging students to develop their intellectual potential while inspiring them to become self-motivated lifelong learners. Supported by a library of books which help in fostering love of reading and research.

***Morning Assemblies** form an integral part of our school life. It acts as a medium for communicating matters of significance. We conduct assemblies to celebrate important days like World Environment Day, Rededication Day, Heritage Day, Martyrs Day, Hindi Diwas Day, etc. It creates a platform for our students to express their thoughts and feelings and display their talents through assemblies. The National Anthem develops patriotic feeling among children.*

***Computer Aided learning** is extraordinarily rich in the ways of learning and teaching. Understanding the importance of this, the Upper Primary Section - Girls has inculcated in classroom teaching using smart board and projector through PowerPoints prepared by the teachers. Our computer lab helps the students in creativity, experimenting, learning by doing there by making the students tech savvy.*

***The Student Cabinet :** The Upper Primary Section - Girls offers myriad of opportunities that engage students with varied interests. The students are divided into six houses Sapphire, Garnet, Emerald, Topaz, Amethyst and Diamond. Inter-house competitions provide a very competitive platform for group activities as well as instill leadership qualities in the students.*

***Co curricular activities** - Co curricular activities focus on the rounded development of the students. The different talent clubs offer students challenging ways to learn through self development, self expression and creativity through various competitions like Debates, Elocution, Spelling Bee ,Declamation, Art and Craft, Brochure making and Science model making. The talented students are encouraged by being awarded certificates and trophies.*

Art and Craft are fun for children. Drawing, painting and crafts activities provide an excellent inspiration for ideas. It helps the child to express her thoughts and use the power of imagination and develops creativity. We showcase their work of art for all to see and appreciate their talents. Children are taught National Anthem, and patriotic songs.

Cubs/Bulbuls/Scouts/Guides:

Different activities of Cubs/Bulbuls conducted during the academic year 2022-23

Aims:

- *To contribute development of young children to achieve their physical, intellectual, emotional, social and environmental potentials.*
- *To develop character, perseverance and discipline.*
- *To prepare themselves to help or serve others.*

Activities:

- *Different types of knots were taught.*
- *Paper folding craft.*
- *BP exercises.*
- *Different types of claps.*
- *Outdoor camp was organized at Al Marjaan Island.*

Sports and Games :

Playing sports is energy put to good use. Every Thursday children are trained to perform physical exercises. We conduct sport activities like sack race, running race, skipping etc. The Sports Closing Ceremony is celebrated and many students participate in colorful mass drill. Yoga Day is also celebrated with great enthusiasm where students learn different Asanas and learn about the importance of Yoga for a peaceful body and mind.

PIONEER'S CLUB :

Under the UPS-G Pioneers club, we have the 'Science' Club, 'Maths' Club, 'Literary' Club, 'Art and Craft' Club, 'Eco' Club, 'Health and Hygiene' Club and 'Heritage' Club. The main aim of the club is to focus on the over-all development of a student. Its activities lay emphasis on scientific, mathematical, linguistic, moral values, health and fitness, environmental awareness etc. It gives importance to development of the child's problem solving, critical thinking, responsibility, leadership quality and health awareness etc. Many activities, competitions and awareness programmes are being organized which will benefit the student's over-all growth and development leading to them becoming a responsible individual in society. UPS(G) Pioneers Club was started in 2009-10 and is running successfully.

We are proud to be a part of UPS-G
