Girl's School: Tel: 03-814 0881, Fax: 03-814 0884

E-mail: iisdammam@hotmail.com Website: www.iisdammam.edu.

From the Principal's Desk

Greetings to all!

Dear Students, Parents and Teachers,

I am pleased to present to you our school's Academic Planner for the academic year 2024-2025. As the principal of International Indian School, Dammam I believe that careful planning is essential for academic success, and our academic planner serves as a valuable tool in this regard. This academic planner is the result of collaborative efforts from our dedicated team of educators, administrators, and staff. It is designed to provide a comprehensive overview of this academic year, including important dates and curriculum outlines. I encourage all students to actively use the academic planner to set goals for study, track progress, and manage their time effectively. Parents, your support in ensuring that your child using the academic planner consistently will greatly benefit their academic development. Teachers, I urge you to incorporate the academic planner into your lesson planning and use it as a guide to ensure that our students receive a well-rounded education as being envisioned by the CBSE. Together, let us make the most of this academic planner and work towards a successful and fulfilling academic year ahead.

Best wishes,

**Mr.Sunil Peter
Principal**

INTERNATIONAL INDIAN SCHOOL, DAMMAM

The International Indian School Dammam (IIS), formerly Indian Embassy School, Dammam, was founded on 13th October 1982. The school is a non-profit institution operated exclusively to provide quality education to Indian children living in the Eastern Province of the Kingdom of Saudi Arabia. The school offers educational facilities at Pre-primary, Primary, Secondary and Higher Secondary levels.

AFFILIATION & LICENSE

The school is affiliated to the Central Board of Secondary Education (CBSE), Shiksha Kendra, 2. Community Center, PreetVihar, Delhi. It is licensed by the Ministry of Education, Kingdom of Saudi Arabia.

MANAGING COMMITTEE

IIS is governed by a Managing Committee elected by parents. The Ambassador of India is the Patron of the School. The Managing Committee lays down broad policies and guidelines of the school leaving the Principal and the Staff to conduct the day to day affairs of the school.

ACADEMIC CALENDAR

First Term	-	Sunday, 14th April 2024 to Tuesday, 29th October
Second Term	-	Wednesday, 30th October to Tuesday, 20th March

HOLIDAYS

Ramadan/Eid	-	Sunday, 31st March 2024 to Saturday, 13th April 2024
Hajj Holidays	-	Sunday, 16th June 2024 to Thursday, 20th June 2024
Summer Vacation	-	Sunday, 7th July 2024 to Saturday, 31st August 2024
Winter Holidays	-	Sunday, 22nd December 2024 to Thursday, 2nd January 2025

Please note that all dates are tentative.

Uniform System of Assessment & Examination

For classes VI-X from Academic Year 2024-25 onwards

As you are aware, the CBSE has issued Circular No. Acad-05/2017 dated 31.01.2017 on the restoration of Board Examination for Class X and revised assessment structure and examination for class X from Academic Year 2017-18 onwards

The new scheme will bring the uniformity in the system of assessment and examination for classes VI – X in all the CBSE affiliated schools.

To increase the confidence in the students to start preparing for class X Board examination when they join the upper primary stage in class VI, the CBSE has decided to implement the uniform system of assessment, examination pattern and issue of report cards for classes VI to VIII also on the similar pattern. While keeping in view the provisions of Right to Education Act, 2009, the scheme for classes VI-VIII has been designed on Term Assessment basis with gradual increase in the learning assessment as the students move forward. This would prepare the students to cover the whole syllabus of the academic year and face the challenge of class X Board examination, and would thus, ensure the ‘quality of education’.

As the CBSE affiliated schools are required to follow the NCERT syllabus in the upper primary stage, uniformity in the assessment structure, examination and issue of report cards across all the affiliated schools is felt necessary from class VI to VIII. The detail components of the scheme are mentioned below for easy understanding and implementation.

UNIFORM ASSESSMENT PATTERN FOR CLASSES VI TO VIII ACADEMIC YEAR 2024-25

TERM-I				TOTAL MARKS 100
UNIT TEST-1	FIRST TERM	NOTEBOOK	ACTIVITY	A + B + C + D
20 MARKS	80 MARKS	5 MARKS	5 MARKS	
A / 10	B / 80	C / 5	D / 5	

TERM-II				TOTAL MARKS 100
UNIT TEST-2	ANNUAL EXAM	NOTEBOOK	ACTIVITY	E + F + G + H
20 MARKS	80 MARKS	5 MARKS	5 MARKS	
E / 10	F / 80	G / 5	H / 5	

Ways to help your children...

1. **Keep your child healthy.** Seeing, hearing and feeling well are essential to learning.
2. **Talk and listen to your children.** The more words a child can understand and say, the easier it will be for him or her to learn to read and understand. Your children will learn to express themselves if they know you will give them your attention.
3. **Praise and encourage your children.** Praise and recognition reinforce learning. Praise them when they succeed and help them when they have problems.
4. **Be patient with your children.**
5. **Avoid comparing your children.** Each child is unique. Do not harp on previous failures or results.
6. **Schedule home study on a regular basis.** To succeed in school many children need a regular study time each day free from interruptions and distractions.
7. **Set a bed time and stick to it.** Your children will be in a proper frame of mind to learn only if they report to school each morning well-rested.
8. **See that your children's school attendance is excellent.** When children miss school, they miss the presentation of new information or the mastery of a new concept.
9. **Make family mealtimes meaningful.** Mealtime can provide the ideal setting for talking together, sharing events of the day and discussing individual problems and aspirations. Such discussions will help develop your children's self confidence and encourage them to speak up in the classroom.
10. **Make television your servant, not your master.** Children learn a lot from television - good and bad. Help them choose appropriate programs to watch. Then watch with them and, afterwards, discuss what you've seen.
11. **Every child has limitations to their abilities.** Accept their limitations and help them to set goals to increase their self-esteem.
12. **Provide a wide variety of reading materials in your home.** If you have books, magazines and newspapers readily available and in use, your children will see that reading is source of pleasure and information.
13. **Give your children books as birthday or holiday gifts.**
14. **Help the child to develop self - discipline, self-direction, self-confidence and a sense of accomplishment and maintaining his/her confidence especially when he/she seems discouraged by grades.** Do not displace your anxiety on the child.
15. **Provide areas of responsibility:** Determine responsibilities for your child according to the emotional and chronological age. Start with a simple chore, and add responsibility as your child shows ability to complete a chore unattended.
16. **Create structure and discipline.** Without proper discipline, your children will feel out of control. Keep it consistent and let your children know ahead of time what the consequences are for their actions.
17. **Catch your child being good.** A simple word or touch to let your children know you appreciate how good they are being will increase their desire to be good.

“TAP THE GENIUS IN YOUR CHILD”

Education and character building begins at home because 1st school for a child is mothers lap and Parents are the first and best teachers and the best counselors for a child. Moreover, for a child to succeed, he needs a teacher at home and a Mother at school.

Be a good role model: They look up to you, so you should be worth copying. If you watch serials or busy with your social media in your free time you cannot stop your child playing games or watching videos when he is free at home. He has to watch you do productive activities during your free time for him to model the same. They learn confidence from the father, so the fathers should have a friendly connection with the child and share his teenage experiences and the way he handled challenges at that time.

Be transparent: Maintain transparency between you and your child. Involve him in your family decisions and bring out the adult in your child. So that he will feel worthy and have a strong sense of belonging. Moreover, he will understand his responsibility towards his family and the society.

Accept Unconditionally: The child will not trust anyone rather than the parents and value only your decisions...How you value them, their school, their teachers, their peers imprints deeply in their delicate mind. Avoid excessive criticism, humiliating comments, or mocking your child like he is lazy, dumb or stupid. When you say this every day, he tends to believe in these words and feel ashamed of himself. He may feel worthless and might end up feeling unloved and as a result he might start to look for love elsewhere. This kind of shame might force the child to become socially withdrawn, to fear expressing his emotions and to fear taking risks. Later on the child might fail to study or concentrate just because his subconscious mind wants to prove that he is a loser in order to fulfill the prophecy. Unconditional love for not what they achieve but for what they are and unconditional acceptance of their capacity is very important.

Handle Proactively: Scared children do Scary things. When they lie, remember there is a threat for truth from your side. Punishment brings rebellion and resentment and would reinforce the child more into lying so, address their fear of telling the truth and teach them to execute right strategies. Think what you want to grow...Honesty, trustworthiness, problem solving. When they Steal, analyze if there is any unsatisfied needs in your child's context not according to yours or its mere attention seeking due to low self-esteem .Children learn through mistakes. When they make a mistake...Don't tell show them how to do correctly. Choose to respond not to react.

Discipline with Love: Be kind and firm. When you discipline your child check your intention, whether you are speaking from love in order to correct your child or from anger in order to vent out your frustration. When you speak from anger your tone escalates, you yell, spank etc. but when you speak from love you are calm and composed which in turn makes your child listen to you.

Be Connected Emotionally: The first 5 minutes and last 5 minutes of a day is very important. When they wake up in the morning their mind is fresh so speak empowering loving words. Stop the screen time 1hr before the sleep and have fun filled discussions before they go to bed.

Organize and structure: Parental involvement = Student success. They need to be structured and well organized at home for them to excel in academics. When you implement a strategy like packing the books the previous night, don't tell them but train them systematically and consistently for 20 -30 days then it becomes a habit.

Encourage their talents: Only a happy child can achieve in their academics. A child will find happiness only when their areas of interest or their hobbies are appreciated and valued. Look for creative talents and encourage them. Especially children who have difficulty in studies should be allowed to pursue their interest in daily basis which in turn would escalate their self-esteem and they would improve in their academics miraculously. When they gain success in a field they are interested in, that develops a faculty in their brain and influences other areas towards success. If you want to be the most influential person in your kids life then be a part of your child's all areas of life even if it is playing video games .When they feel that you have come down to their world they tend to oblige you. Everyone is a good parent but you become a best parent when your child approaches you when he commits a mistake or you are the first one to know his problems.

THE ROLE OF PARENTING: TO LOVE AND NURTURE YOUR CHILD.

THE GOAL OF PARENTING: TO RAISE A HIGH SELF ESTEEM AND SELF CONFIDENT CHILD.
