An Earnest Appeal to use Official School Transport Facility

Dear Parents,

Greetings from IIS Dammam!

Considering the past as well as recent incidents concerning the safety of children using private vehicles; and, as a part of our ongoing efforts to ensure the safety and well-being of our children, we appeal to the parents and guardians to utilize Official School Transport Facility for children riding to and from school rather than private vehicles (Mini Van / Coaster Bus).

We request all parents and guardians who are currently using private transport to consider switching to Official School Transport Service in order to ensure appropriate safety and supervision of your child besides ensuring punctuality and reduction of traffic congestion in and around the school premises.

By using official school transport, we are collectively contributing to a safer, greener and a more organized school environment. We appreciate your earnest support and early intervention in this important matter pertaining to the **Safety of Children** before it becomes a subject of a complete ban legally.

Wishing you all a Happy World Environment Day!
