INTERNATIONAL INDIAN SCHOOL, DAMMAM

The International Indian School Dammam (IIS), formerly IndianEmbassySchool, Dammam, was founded on 13th October 1982. The school is a non-profit institution operated exclusively to provide quality education to Indian children living in the EasternProvince of the Kingdom of Saudi Arabia. The school offers educational facilities at Pre-primary, Primary, Secondary and Higher Secondary levels.

AFFILIATION & LICENSE

The school is affiliated to the Central Board of Secondary Education (CBSE), Shiksha Kendra, 2. Community Center, PreetVihar, Delhi. It is licensed by the Ministry of Education, Kingdom of Saudi Arabia.

MANAGING COMMITTEE

IIS is governed by a Managing Committee elected by parents. The Ambassador of India is the Patron of the School. The Managing Committee lays down broad policies and guidelines of the school leaving the Principal and the Staff to conduct the day to day affairs of the school.

Ways To Help Your Children In School

1. Keep your child healthy. Seeing, hearing and feeling well are essential to learning.
2. Talk and listen to your children. The more words a child can understand and say, the easier it will be for him or her to learn to read and understand. Your children will learn to express themselves if they know you will give them your attention.
3. Praise and encourage your children. Praise and recognition reinforce learning. Praise them when they succeed and help them when they have problems.
4. Be patient with your children.
5. Avoid comparing your children. Each child is unique. Do not harp on previous failures or results.
6. Schedule home study on a regular basis. To succeed in school many children need a regular study time each day free from interruptions and distractions.
7. Set a bed time and stick to it. Your children will be in a proper frame of mind to learn only if they report to school each morning well-rested.
8. See that your children's school attendance is excellent. When children miss school, they miss the presentation of new information or the mastery of a new concept.
9. Make family mealtimes meaningful. Mealtime can provide the ideal setting for talking together, sharing events of the day and discussing individual problems and aspirations. Such discussions will help develop your children's self-confidence and encourage them to speak up in the classroom.
10. Make television your servant, not your master. Children learn a lot from television - good and bad. Help them choose appropriate programs to watch. Then watch with them and, afterwards, discuss what you've seen.
11. Read to your children. It's a rare child who is not delighted by being read to. It's important to remember that children's comments during a story signal that they are making connections between new material and something they already know.
12. Provide a wide variety of reading materials in your home. If you have books, magazines and newspapers readily available and in use, your children will see that reading is source of pleasure and information.
13. Give your children books as birthday or holiday gifts.
14. Help the child to develop self – discipline, self-direction, self-confidence and a sense of accomplishment.
15. Help the child in maintaining his/her confidence especially when he/she seems discouraged by grades. Do not displace your anxiety on the child.
16. Provide areas of responsibility: Determine responsibilities for your child according to the emotional and chronological age. Start with a simple chore, and add responsibility as your child shows ability to complete a chore unattended.
17. Create structure and discipline. Without proper discipline, your children will feel out of control. Keep it consistent and let your children know ahead of time what the consequences are for their actions.
18. Catch your child being good. A simple word or touch to let your children know you appreciate how good they are being will increase their desire to be good.
